

Shows 2 Home - Owner and Consent Form

STREAMING YOUR PERFORMANCE ACCEPTANCE FORM

During these difficult times, it is clear that UK Theatre will not return to normal for some considerable time and, therefore, must adapt. We have developed our service with a view to keep theatre alive for both the venues and the artists.

Our streaming concept allows venues to transfer pre-sold tickets into voucher codes in order to permit customers to access the concert or event on their TV at home - similar to viewing a rented movie. This allows the venue to keep trading with a *virtual* audience.

The artist can provide either pre-recorded media or they can film their shows at our studio.

If you would like to stream your show, please fill out this form, sign and date and return it to the venue. Please also email a copy to admin@shows2home.co.uk
